Monadnock Park Commission

Claremont, N. H., Feb. 18, 1924

To the Citizens of Claremont, N. H.

We submit herewith a report covering the maintenance and development of Monadnock Park during the past year.

The Children's corner was conducted as in past years with an increased number of juvenile patrons under the direction of Miss Pauline Hodgman. A summer house or shelter was added during the past year, which can also be utilized by those interested in tennis.

The tennis courts have also been actively engaged by the youngsters as well as the older people.

The Claremont Sunset Baseball League conducted games four evenings a week for about ten weeks. This league consisted of four teams representing the Knights of Columbus, "S" Club, City View Club and Sullivan Machinery Company.

No rental was charged for the use of the field owing to the fact that the teams were all local and the receipts from the admission charged was small, being hardly sufficient to cover the expenses of the teams.

The shower baths under the grandstand have proved to be popular, a total of over 5000 (men, boys and girls) utilizing this feature during the summer season.

The skating rink which is open until 10 o'clock each evening with the exception of Saturday and Sunday has been taken advantage of by more people than ever, this winter.

The indoor rifle range under the grandstand has been very active as in past seasons.

About 250 feet of open ditch has been permanently

covered and many minor improvements made on the park this past year.

The Monadnock Park Commission requests for your consideration the sum of \$3,500.00 for the continuance of this work for the ensuing year.

REPORT OF LIBRARY TRUSTEES

The circulation of books and magazines for home use was the largest in the history of the institution during the year 1923.

About six hundred books have been added and two hundred more ordered are not yet received.

There have been the usual number of gifts of bound volumes, pamphlets, town and county reports and programs of interest received.

The files of town and telephone directories are not yet complete though so stated by mistake last year.

The nucleus of a science department was given by the heirs of Mr. George Stevens, a collection of minerals.

The vital statistics since 1887, when first printed in the town report are indexed and accessible to anyone interested.

The deaths previous to that date, kept by Mr. Burrill, are also indexed.

Children's Good Book Week brought a large number to visit the library who rarely have occasion to come.

A cabinet now suitably protects the War Memorial Book. Some photographs of the participants in the war are on file and more would be welcomed.

Something over sixty individuals have made gifts to the library, all of which are very much appreciated.

Dr. Mott A. Cummings has given surgical instruments, a clinical thermometer (one of the first models), and scales used in measuring powders, belonging to his father who for many years was a leading physician in Claremont. The hard-rubber handles forbid the use of the instrument today, when sterilization is universal. An interesting implement, called a turnkey, once used by one of two brother Gleasons, formerly doctors in Claremont, is one of the curios instruments in the Cummings gift. It was used in extracting teeth.

It would be pleasant to tell of all the gifts received, but

space permits only a list of the givers. Many of the names have appeared in all the reports, and a few new names appear each year. The givers are Mr. Elbridge Gary, Mrs. J. S. Walker, Mrs. M. S. Ide, The Sullivan Machinery Co., Mrs. George Huntington, Mrs. Louis Hutchinson, The Carnegie Endowment for International Peace, Mrs. Lizzie Hadley, Mr. Albert F. Pillsbury, Miss Ida Rossiter, Miss Sarah Gilmore, Mr. William S. Hart, Miss Victoria Bates, The Y. M. C. A., the MacMillan Co., Goodman's Bookstore (Manchester), Mr. S. J. Thalheimer, Mrs. Mary W. Long, Dr. Douglas Croker, Mrs. Chester Richardson, Maurice Minard, Mr. Irving Story, Miss Catherine Eaton, Mrs. L. Ella Chellis-Story, Rev. Basil Amatoff, Mrs. Frank Joy, Mrs. John Jones, Mr. T. A. Sinclair, Miss Fannie L. Stone, Mrs. Carl J. Sanborn, Mrs. F. C. Wood, Mrs. C. H. Edmonds, Mrs. Fred Jardine, Mrs. H. C. Sanders, Jr., Rev. George Huntington, Myrtle Ogden, Mrs. Lucia R. Ferguson, Mr. H. N. Hurd, The Ladies' Parish Aid Society of Trinity Church, Mrs. Esther H. Chellis, Mr. Kenneth Whipple, Mrs. John E. Butler, Reba and Willie Benson, Mrs. M. H. Kitchen, Miss Rosanna Foisy, Mrs. George I. Putnam, Miss Lois Whipple, Mrs. Ella Dustin Howe, The Austin Webster family, Mr. Benjamin Ager, Mr. Joseph F. Moore, Mrs. Alfred Whitney, Miss Margaret Dolan, Mr. A. J. Gordon, Miss Assunta Barucci, Mrs. Charles Hart, Mrs. D. W. Bouck, Mrs. Baron Noyes, Mr. Gawin Gilmore, Mr. Ernest Marcotte, Mr. George B. Upham, Mrs. Sarah B. Lewis, Mrs. J. R. Amidon, Mrs. C. L. White, Mrs. Florence K. Kingsley, Samuel Ashley Chapter, D. A. R.

A neighborhood meeting was called in August to hear a talk by Mrs. Ralph Kelsey of the New York Public Library system on the extension work carried on by the Brooklyn Branch.

Miss Gilmore, Assistant Librarian, attended the annual meeting of the New Hampshire Library Association held at Hampton Beach.

The addition to the stack room was completed during the year and also the historical room. Both rooms are much appreciated and give the library facilities for greater usefulness.

In connection with the historical room the trustees wish to express their appreciation of the gift of \$500 from Miss M. E. Partridge given toward the fitting up of the room.

The stack room now needs an appropriation for stacks and the historical room an appropriation for furnishings and heating which it is hoped will be voted at the town meeting.

Chief Engineer's Report

The largest number of alarms in the history of the fire department were turned in during the past year, a total of 155 still alarms and 16 bell alarms having been recorded during the twelve months ending January 31, 1924. The co-operation of the telephone operators in the handling of these still alarms has enabled the department to minimize the losses in every case.

The bell alarms were as follows:

1923:

- Feb. 16—Box 25, 5:50 p. m., Perley Goad house, Summer street.
- Mar. 5—Box 27, 12:55 p. m., B. Steinfield house, Chestnut street.
- Mar. 5—Box 8, 5:15 p. m., Charles Verbonceur house, Elm street.
- Mar. 11—Box 29, 2:00 p. m., F. D. Holdsworth's house, Bond street.
- Apr. 14—Box 17, 2:00 p. m., F. S. Prince's house, East street.
- May 3—Crossed wires, 11:50 a. m., caused by tree falling on wires.
- May 3—Box 22, 12:50 p. m., Frost & Pierce storehouse, River street.
- July 14—Box 51, 5:10 a. m., Claremont Garage, Pleasant street.
- Aug. 27—Box 41, 4:55 p. m., E. J. Rossiter's camp, Myrtle street extension.
- Sept. 16—Box 13, 11:35 a. m., I. O. O. F. Block, Pleasant street.
- Oct. 18—Box 8, 10:05 a. m., K. Kuchtey's house, Cornish road.

Oct. 18—Box 8, 2:50 p. m., H. L. Stone's house, Winter street.

Nov. 1—Box 35, 5:45 p. m., J. H. Carroll's workshop, South street.

Nov. 6—Box 15, 12:10 p. m., Pierre Dussault's house, Maple street.

1924:

Jan. 17—Box 13, 11:25 p. m., Colivas Bros. Block, Pleasant street.

Jan. 27—Box 8, 11:20 a. m., Hume Farrington's house, West Claremont.

Soot-filled chimneys caused by the burning of wood or through neglect or failure to properly clean the flues were responsible for many of the large number of still alarms this year.

A separate report of brush and woodland fires will be found under the State Forestry Commission Agents' report.

Hydrants

Two new hydrants have been installed on the dry hydrant system, one at the southeast corner of Tremont Square and one at the corner of Broad and Tremont streets. The completion of the dry hydrant system, connected with pumps located in a nearby manufacturing plant, places at the disposal of the department a valuable adjunct for fire fighting in the business section.

Fire Alarm System

No changes or replacements have been made in the system during the past year. This year some lines will need overhauling and repairing, necessitating the purchase of new wire, batteries, and other accessories.

Recommendations

I would recommend that the town complete the bank wall in the rear of the fire station and remodel the Union

Aid building, so-called, in the rear of the station, together with the lean-tos, for the purpose of housing the sleds and other horse-drawn apparatus formerly kept beneath the town hall, this room under the town hall now being necessary for the housing of other town property. I further recommend that a barn be built for the horses now quartered in the central fire station building, thereby giving the much needed additional room on the main floor of the station where the horses are now kept, also doing away with the present disagreeable odor arising from the horse stable. I further recommend that these horses be kept for emergency use in heavy snowstorms, the necessity for this action having been conclusively shown by the experience of other New England departments in buying back horses to carry them through last winter's storms. Moreover, for the five years and nine months from May, 1917, to February, 1924, these horses have earned \$10,563.21 at a maintenance cost of \$6,707.92. The profit of \$3,855.29 earned by the teams during this period shows that they are an asset rather than a liability.

Remarks

Without the hearty co-operation of all members of the fire department and of the citizens of Claremont, the department would be unable to maintain its present state of efficiency. I am deeply appreciative of this very gratifying co-operation.

C. E. SEARS, *Chief Engineer.*

Report of Milk Inspector

During the past year the cattle supplying milk to Claremont, have been tuberculin tested again and of the 1200 cattle only about 20 diseased cattle were found as against 209 last year. One hundred and eighteen stores or producers are selling milk this year with no serious violations, only one license being revoked and that due to typhoid fever in the family of the storekeeper. Three people have been found selling milk without a license, one of them was given a permit and the other two refused due to not having their cattle tested. A case of tuberculosis of the bone in a child, was caused directly, according to physicians, from drinking milk of tubercular cattle. And right here, let me say that it is the duty of every person in town to ascertain from their milk man whether or not he has a permit from the Milk Inspector to sell such milk and if not report the case at once.

Samples of milk have been taken and sent to the State Laboratory of Hygiene at Concord. All milk has been up to standard as far as total solids and fat are concerned and with but few exceptions clean. It is more important for the housewife to examine the bottom of the milk bottle for sediment than it is to examine the top of it for cream.

No contagious disease has been attributed to milk supply during the past year.

It is earnestly hoped that all violations of the milk ordinance will be reported to the Milk Inspector at once.

Respectfully submitted,

DR. L. R. HAUBRICH,

Milk Inspector
